## ARNE JACOBSEN 1902 - 1971

Our cooperation with Arne Jacobsen dates back to 1934, but it was in 1952 the break-through came with the Ant chair. It was succeeded by the 3107 series in 1955. This propelled his and Fritz Hansen's names into furniture history.

Arne Jacobsen was and is an admired and outstanding designer. While the significance of Arne Jacobsen's buildings was less appreciated, his furniture and other design work have become national and international heritage.
